Search Out New Ideas

As we come to the close of another successful year I would like to particularly commend the leadership in the Student Council and Senior Class. The communication process between student council and staff, I feel, has worked better than ever before--a goal which we all can be proud.

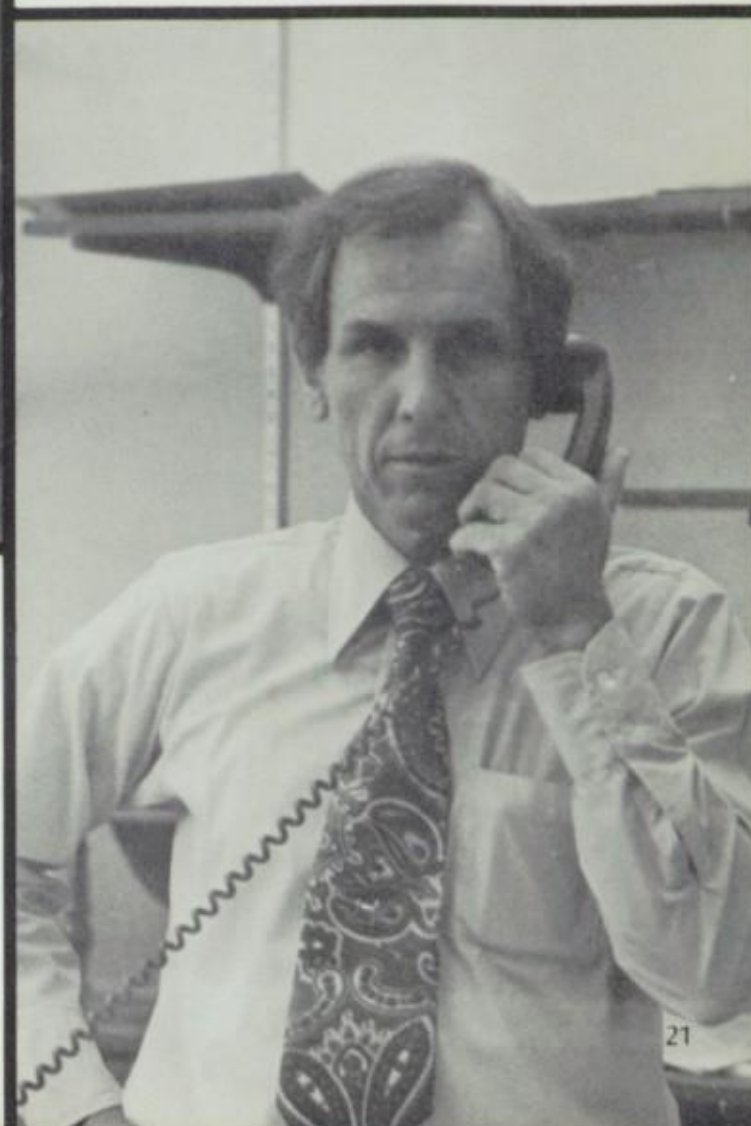

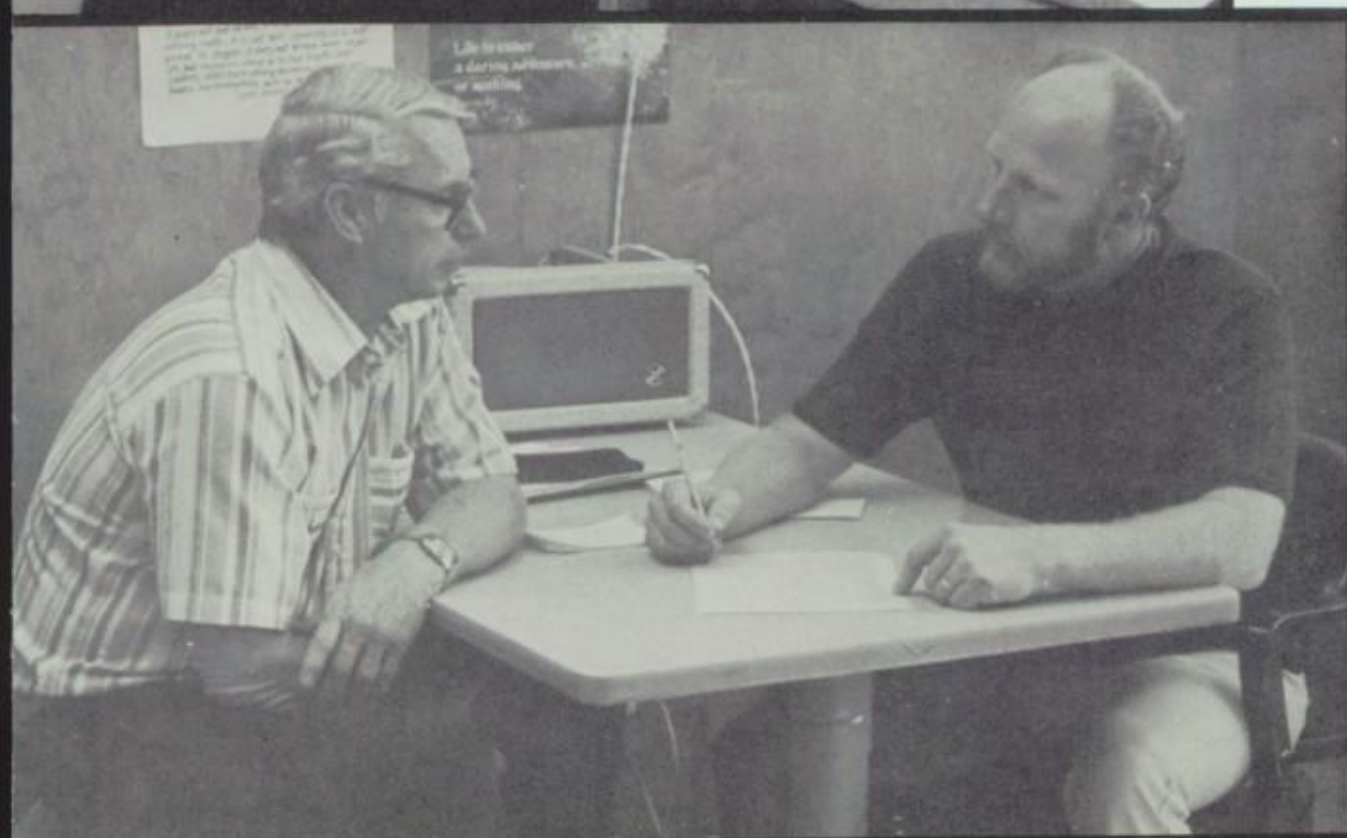

A special vote of thanks to Andy Arias, ASB President and David Lassen, Senior class president and Mr. Charles Mozley, ASB Advisor for their able and cooperative leadership!

My sincere best wishes to the entire class of '77 as you launch out to your own endeavors.

May God Bless each of you!

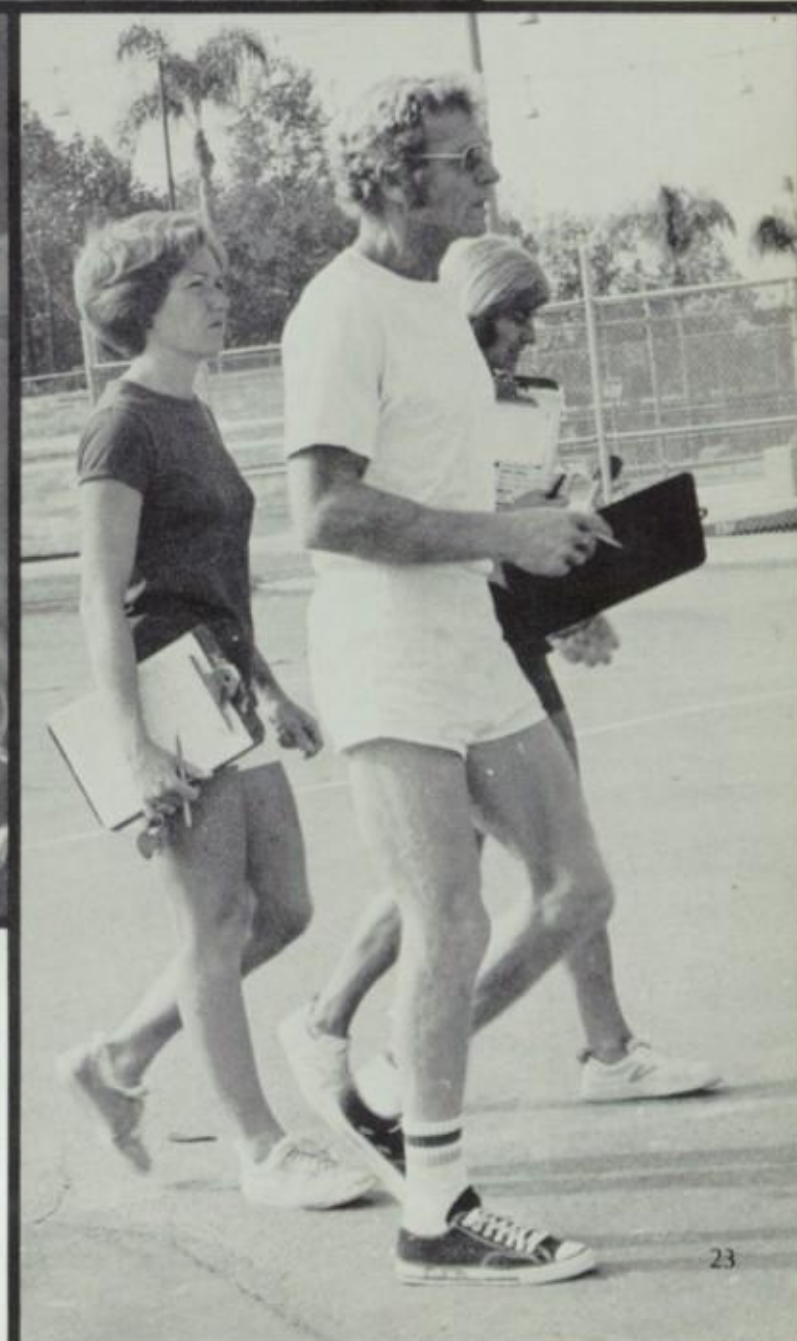

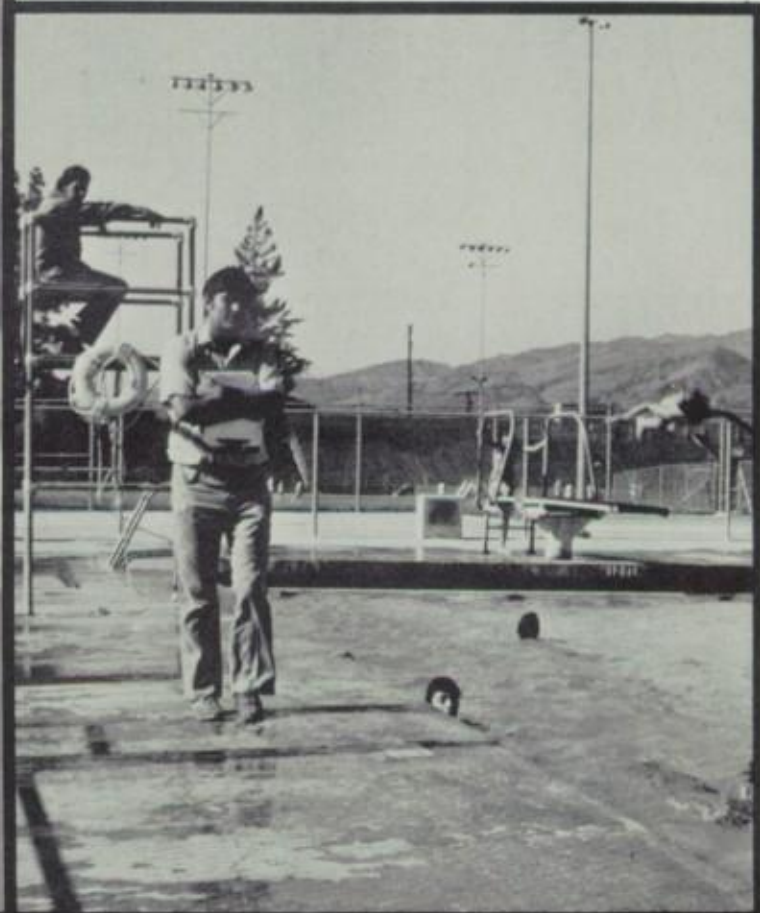

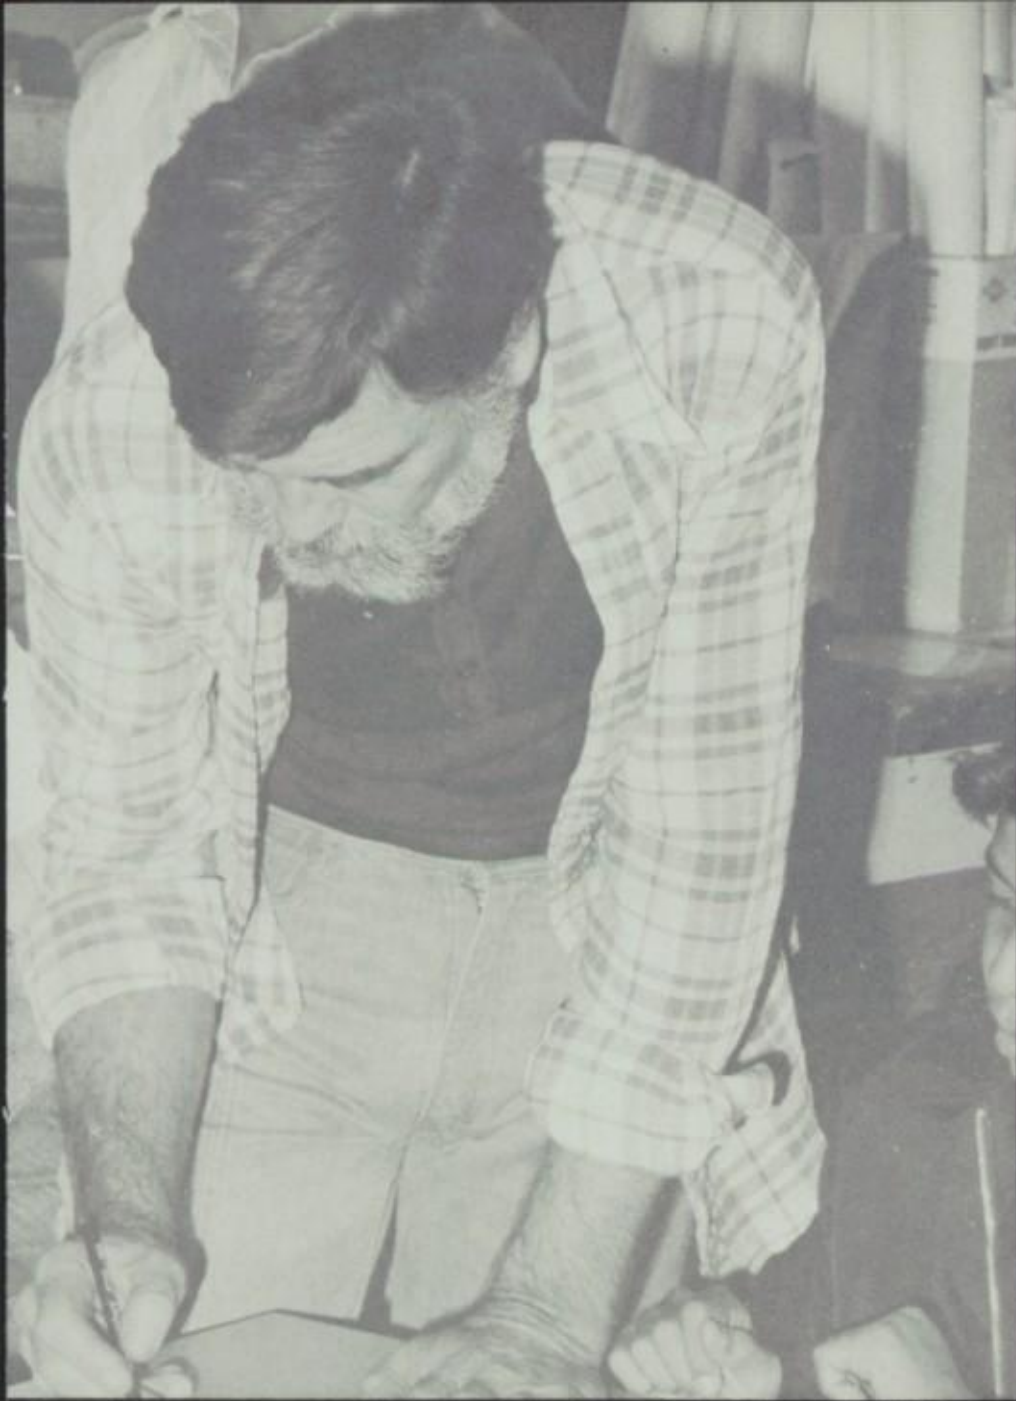

Sincerely,

William J. Putman

The Flashes raced to an 8-2 record as they finished in a three way tie for the Tri-Valley League Championship. Except for close losses to Carpinteria and Santa Ynez Fillmore's season was highly successful. Highlights of the year were the victories over Nordhoff (14-3) and Bishop Diego (20-7). Dan Saldino, Rick Stewart, Bill Edwards, Greg Laird, and Gary VanNoy were all named to the All-League Team.

This year's Varsity Volleyball team demonstrated the skills, teamwork and spirit needed to become C.I.F. contenders. Led by all-league setter, Lori Brown and by all-league hitters, Janice Wilkey and Rosa Aparicio, the Flashes succeeded in capturing a C.I.F. berth in this their second year of competition. This year's starting team was composed of four Sophomores, one Junior and one Senior, which means the Flashes will be even tougher next year with an added year of experience and five returning starters.

Misses by Inches

Plagued by injuries and inconsistent play, the varsity tailed off to a 13-11 record and a second place tie in the Tri-Valley league. The Flashes missed a trip to the C.I.F. playoffs by dropping a season ending play-off game to Carpinteria 52-47.

JUNIORS

Climb Into the Act

The class of '78 is unique in it's own way. We set many goals this year and with the student participation, we have achieved many of these goals to their fullest.

Money acquired from the Junior stands was used to sponsor a very fine Prom and Baccalaureate Dinner for the Seniors.

On behalf of our class, I would like to thank Mr. Cook, the faculty and administration for their help in our Junior year. We look forward to an even better year as seniors.

Sit on It!

We, the Sophomore class of 1977, have become an essential part of our school, sharing the interests while working toward the goals that we have set forth for ourselves.

Our enthusiastic class has already started the year off by placing first in the Homecoming Floats.

We would like to thank our advisor, Mr. Ball, and all who have helped us this year.

Our class has new ideas, lots of enthusiasm, and a great deal of determination. By vigorous participation and work we prove that, together as a class, we are spirited!

Await the Coming Years

The Freshmen class has completed its first out of our years in its new home at Fillmore High.

Naturally, it was quite a change from all the years in elementary and Junior High schools, and of course there was a few difficulties which had to be overcome if we are ever to amount to anything. I'd like to say that our class took each and everyone of these changes and difficulties with such stride that I was proud to have been able to serve as your Class President.

Thanks to our class advisors, and special thanks to all my classmates of "1980"

Respectfully submitted

- I, Sylvia Torres, leave this school for my sister Irma to suffer. Good Luck Irma.
- I, Susie Turk, leave F.H.S. wondering how F.C. ever made it through.
- I, Jerry Unrine, leave Mr. Skoe his frogs, Mr. Ball his engines, and Mr. Rose headache, and Nigger to his destiny at Fillmore High.
- I, Gary VanNoy, hereby leave this school with the sad thoughts that I'll never play football under the great coaching of Mr. Dempsey. ???
- I, Elsa Vasquez, leave the keys to the "Lowrider" to Leti so that the Kiki girls and she can go cruising. I leave our table in the cafeteria to the Cucui girls. To Mr. Rivas I leave two more Vasquezes coming in the future. Last of all I leave C.L.U.B. to carry on with the Cinco De Mayo tradition.
- I, Myra, leave Fillmore High remembering all the crazy things that Karen, Patty and I did before school. And I also leave my terrific bottom locker to the unlucky freshman that gets it. And last but not least I leave.
- I, "FU FU", leave this place before Donnie gets here-so I won't get blamed for all the trouble he gets into ... later.
- I, Andy Villasenor, leave my messy locker to the lucky person who gets it next year and knowing that the school still has two Villasenors to go!!!
- I, Toot, leave Fillmore Hi without Tina Kirby. And knowing that she will survive without me. I wish all of you F.H.S. students (T.K., L.G., A.B.) luck without the Burn Mobile. Oh yeah & I leave my sister to carry on the name. Good-Bye all you to-cute hunns!! I leave knowing I will miss (T.K., T.R., G.I., J.U., R.M.,) most of all ...
- I, Lani - Kay Ybarra, leave Fillmore High with some fine memories.
- I, Russ Young, leave Fillmore High School with one less problem.
- I, Lynn Yule, leave Fillmore High to all the underclassmen. GOOD LUCK!!!!
- I, David Zeman, leave F.H.S. with the knowledge than I am crazier now than before I came here.
- I, Juana Gonzalez Zuniga, leave F.H.S. to my brother Rudy and sister Martha and all the chusma to suffer through what I went all these years. And for them to Graduate as I did. I wish GOOD LUCK to all of you.

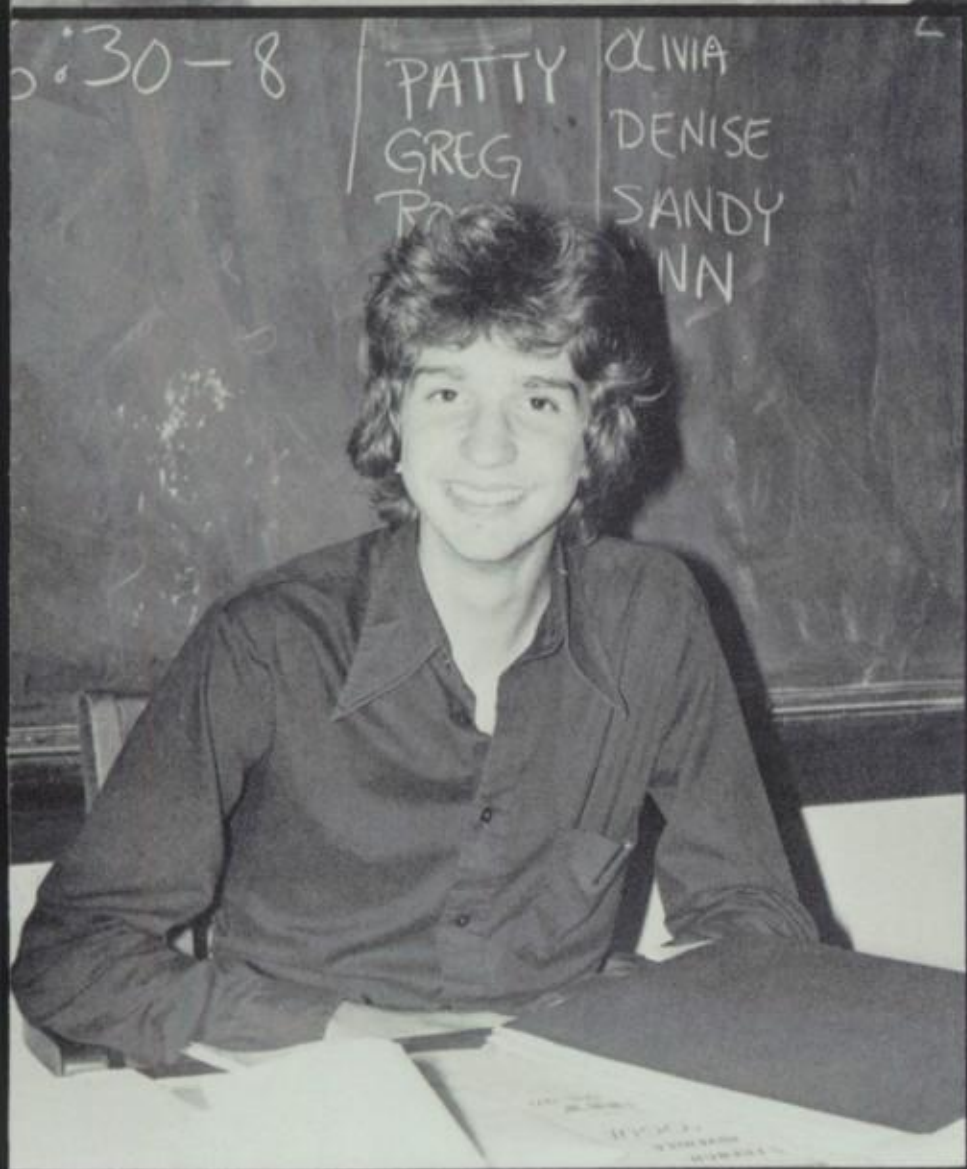

I have found the city of Fillmore to be a nice and charming town, although everybody knows everybody-and that is sometimes not too good. But people here are very nice, and friendly and I have already made a lot of friends in this short time. I hope I will enjoy the rest of my year here in Fillmore as much as I have until now.

Thank you, good-bye, and good luck.
Love,
Inga-Lill Folles

Lean Into It

I like very much to live here in Fillmore because it is small and nice, what better thing can you say about a town?

Aarberg Switzerland, my town, is small too, even smaller than Fillmore. The population is about 3,500.

I don't like to live in a big city so Fillmore is just right. The people here are very open and also friendly.

It is a fantastic and great experience to be an exchange student.

Rene Meyer

After a long wait to find out where I was going. AFS finally placed me in Fillmore, California. I was really glad that they put me in a place near the beach with palm trees and orange trees. The town is very peaceful which is a nice change from my usually active university town.

Comparatively, my school in Moscow, Idaho and F.H.S. are almost the same. I had the opportunity to play volleyball which was lots of fun and something new to me.

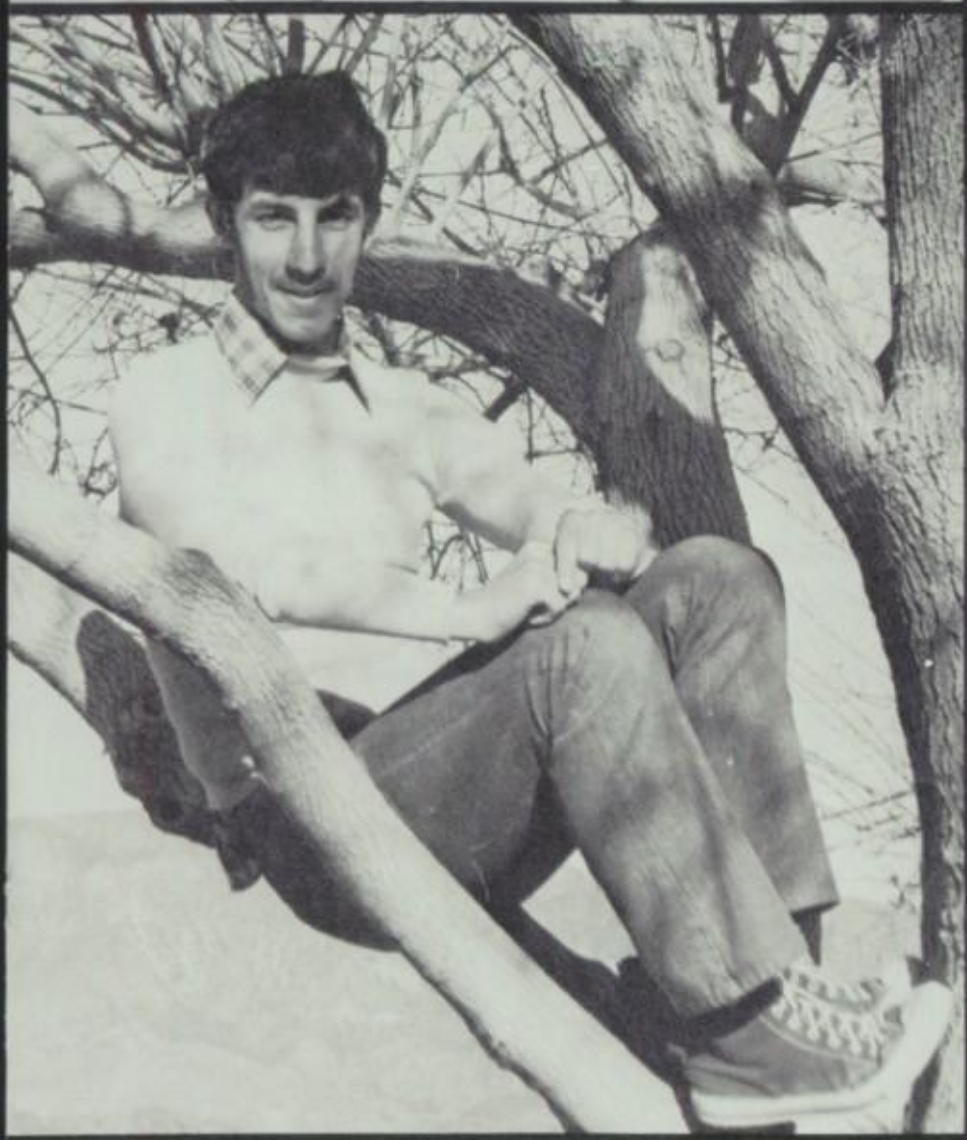

The people here are very friendly and have made my semester stay a wonderful experience that I will always remember.

THANK YOU!!
DeeDee

Exchange Culture

Every one of us, when applied for AFS year abroad, was looking for something: Somebody was looking for new friends, somebody for new experiences, others for knowing about a different country and a different people, others for a bit more independence from the family or even a little bit of adventure.

I personally was also looking for something more personal: for knowing better myself out of my usual and comfortable surrounding, to test some of my ideas and, if the case, to change them.

And I found it.

That's the reason I thank all of you whom I met in this great year.

Hi, Carlo

Looking into the Future

The Class of "81" will always be remembered in the years to come, for we've come to the point that we matured this past year and we learned to accept each other and to work with one another.

We have great enthusiasm, spirit, and pride which will take us far in life though we really are just beginning. But most of all are friendship has made Class of "81" the best.

Mary, to one of my life long friends!
Well Mary we sure have been friends for
a long time! I hope we will remain friends
after we graduate and get married ~~an~~ so-on!
Just remember all the good times we have had!
In your favorite Class 4th period "Chicanos Studies"
with Mr. Garfield how you would get all radical!
I hope I have you in my Classes next
year so we can get the teachers mad! It
will be a summer cause Mary Fry won't be
there to help us. But we'll manage. I hope you
have a good summer and that you get a job!
too bad you not in the Club anymore. But that's
life. I hope you find your chulote that you
want cause the frescos you have now have
got to go! ^{HA}_{HA} But really I want to thank you
for being my friend in thick or thin. I hope
you will always be around when I need a
friend, and when you need a friend I'll be
there too! Hope all your wishes and dreams
come true for you! You deserve it! Good
luck this summer and Best Wishes as a
Senior! Love you friend
